

# Parker Loves Life

- Parker Monhollon is a 9-year-old girl from Silver Lake, Kansas.
- She was diagnosed with Diffuse Intrinsic Pontine Glioma (DIPG) on January 15, 2016 when she was 8-years-old.
- DIPG is an aggressive brain tumor located in the brain stem.
- No child has yet survived this type of tumor.
- Parker was given 6 months to live a year ago!
- She has received treatments in the USA, Germany, and now Mexico.
- Treatments are no longer covered by insurance and can cost anywhere from \$15,000 to \$20,000!
- Parker needs our help!

Please join West Elementary in support of #parkerloveslife in 3 ways:

1. Donate a minimum of \$1 to wear a hat on Thursday, April 27.

2. Can Collections for Parker...

Please bring in your rinsed/dry aluminum cans in plastic bags to be picked up daily by Mrs. Will's class starting Wednesday, April 19 ending Friday, May 12. Cans will be then be taken to the recycling center for money and all money gathered will be go to the Parker Loves Life fund.

3. Purchase a silicone bracelet in assorted colors for \$3.08. Get an order form from your teacher and turn it in to the office. Supplies are limited so first come, first served. Due 4/25.

Questions? Email Mrs. Dau [daua@usd320.com](mailto:daua@usd320.com) or Mrs. Will [wills@usd320.com](mailto:wills@usd320.com)

\*\*\*ALL proceeds will go directly to the Parker Loves Life fund\*\*\*
